

GAC Audiovisual Equipment Usage Agreement

Nonprofit community groups and individual GAC members hosting public events on Gabriola Island are welcome to use GAC's Audiovisual Equipment.

The equipment is not available for private functions.

Usage Terms—some simple rules to ensure the equipment is treated with respect and kept in good condition for the benefit of all GAC members:

- Users must engage someone from GAC's approved list to be responsible for operation and custody of the equipment.
- Users are responsible for any fees or honorariums charged by the approved operators.
- Users who wish to present a new operator must have that person contact GAC. Based on the operator's experience, GAC will approve or not. Our decision is final.
- Users must be a member of the Gabriola Arts Council.
- Users are responsible for picking up and returning the equipment. Scheduling must be arranged in advance.
- Equipment must be returned in exactly the same condition as when it was borrowed.
- Users must inform GAC if any equipment is lost, damaged, or otherwise altered from its original condition.

I agree to the terms and conditions above.
